"Getting to know us"

*What's **in** a name? Well to us it's everything!
We are in fact sisters and have weathered the ups and downs of life together. Jointly we have created our little shop of specialised and hand-crafted items uniquely tailored for your home.*

Together, we have had such joy in crafting these items and hope our venture will be a long and joyous one, similar to that of our life-journey together.

MOIRA NORINA CHALKLEN

Hi all, just a short note to let you know more about me...

I am blessed to be married to a wonderful man who supports all of my ventures, from the mundane to the electrifying and exhilarating. I have a wonderful daughter who has been my rock, and has gifted me with a granddaughter, whom I absolutely adore and spend as much time with as possible.

My deepest passion in life has always been painting and having the artistic ability to create beauty around me. Opening an Esoteric store has been a lifelong dream of mine, and thirteen years ago, I was all set to go, however, the fear of failure put these dreams on hold and led me to pursue a corporate career instead. We run our own energy consulting business which has allowed me to free up enough time to follow my dreams.

On the spiritual side, I am a 3rd degree Wiccan High Priestess and Founder and Elder of the Coven of the Dark Moon Crescent (DMC). I am a licensed Religious Marriage Officer (RMO) as well as a 2nd degree Reiki practitioner.

I would love to have you all support us at our store and get to know a little about you too.

ELAINE MOUSSOURIS

Hi all, I just a short note to let you know more about me...

I have a beautiful daughter who is completing her Honours in Psychology. I moved in with Moira three years ago, a little broken and lost, but found myself again and discovered a new and exciting purpose in life.

I am single and just loving life, enjoy meeting unique and interesting people, and am a real chatter-box and joker at heart. My journey ultimately began when I resigned from my corporate career after 26 years and started a new venture at Philotimo. My sister, Moira, and I then started making crafts and BEWITCHED SISTERS was born.

On the spiritual side of things I am a 2nd degree Wiccan High Priestess and HPS of the Coven of the Dark Moon Crescent (DMC).

Stop in at our store for a visit I would love to get to know you all.

THE TALE OF TWO TREES BY SCOTT LEE

He tells the tale of a beautiful oak tree near his home that appeared to be one single tree, but when he took a closer look from a different angle, he saw that it was actually two trees. These trees had a tough life, they weren't watered and fertilized. They withstood the wear of nature.

These trees were a lot like a marriage. The two trees started growing next to each other, and at times it probably felt like they were fighting each other, competing for water or sun or space to spread their branches.

Then something beautiful happened, their roots grew together and they became inseparable. Those tangled roots actually made both of them stronger.

As they grew, they each had to sacrifice something, so they wouldn't choke out the other tree. The trees grew "outward" – stretching their branches in different ways and different directions, reaching places that they might not have ever ventured if they had to grow alone.

In areas where they had a weakness, like a broken branch, the other tree would fill in. They complemented each other.

With all that growth, all that pain, all that root tangling, all that movement upward, together, this is a stunning tree, bigger and fuller than either of them would have been on their own.

THE PERFECT WEDDING GIFT

THE TALE OF TWO TREES DREAM CATCHER

MOIRA CHALKLEN

A little bit about myself

For as long as I can remember, painting has been one of my ultimate passions. My dad was my greatest fan and would watch me paint for hours, adoring each painting I did for him.

I was always very preoccupied with my career and never made time to paint, now however, I am no longer in the corporate environment and have more time to enjoy life and do all the things that make my world brighter.

Through my paintings I offer you peace and harmony, as each painting was painted with love and the memory of my dad. I hope they bring you many hours of enjoyment.

With Love Moira (Crystal Faery)

All paintings can be customized especially for you. I am happy to create a painting to your unique taste and specific designs.

Delivery turnaround time is between 14 – 21 days. Payment due on order.

Should you wish to place an order you are welcome to call me directly 062 893 6197 or email me on darkmooncrescent@gmail.com

Blessed be and I hope my paintings fill your life with beauty and colour.

CORA

I am the very first of the SCARY BABY COLLECTION

I am stuffed with magical herbs, I will protect you and love you, I can be used for a bookend, a door stop or you can keep me close to you for protection.

CORA is the Latinized form of Kore, which means "maiden" in Greek, and links to the word "core," meaning "heart." So it's a good name for a doll who will suck the life out of you and probably refuse to nap, but steal your heart at the same time.

We welcome all those who follow the old ways to celebrate the turning of the wheel with us. We are a closed coven; however we do celebrate the wheel of the year with all and offer Wiccan training to those who wish to truly live the Wiccan Way.
 Blessed be Crystal Faery
